

# Projection of Reactive Programming onto Dataflow Engines

Master thesis submitted in partial fulfillment of the requirements for the degree of  
Master of Science in de Toegepaste Informatica

**Alexander Moerman**

Promoter: Prof. Dr. Wolfgang De Meuter  
Advisor: Mathijs Saey, Florian Myter and Thierry  
Renaux

Academic year 2016-2017

## Abstract

## Declaration of Originality

I hereby declare that this thesis was entirely my own work and that any additional sources of information have been duly cited. I certify that, to the best of my knowledge, my thesis does not infringe upon anyone's copyright nor violate any proprietary rights and that any ideas, techniques, quotations, or any other material from the work of other people included in my thesis, published or otherwise, are fully acknowledged in accordance with the standard referencing practices. Furthermore, to the extent that I have included copyrighted material, I certify that I have obtained a written permission from the copyright owner(s) to include such material(s) in my thesis and have included copies of such copyright clearances to my appendix.

I declare that this thesis has not been submitted for a higher degree to any other University or Institution.
